BEHAVIORS

Middle School students were asked to participate in a confidential and anonymous survey inquiring about their experiences and attitudes regarding bullying.

The following tables show percentages of students who have been bullied, never bullied or taken part in bullying others at least once in the previous 12 months, in any of the four ways: physically, verbally, socially or electronically.

Students who have been bullied at least once in the past 12 months	Fall 2008
physically	34.6%
verbally	63%
socially	48.2%
electronically	18.1%

Students who have never bullied anyone in the past 12 months	Fall 2008
physically	83.8%
verbally	64%
socially	68.5%
electronically	86.5%

Students who have taken part in bullying another student in the past 12 months	Fall 2008
physically	16.2%
verbally	36%
socially	31.5%
electronically	13.5%

The number of students who report having seen or heard students bully other students is notably greater than the number that report having been bullies or been bullied themselves.

The percentage of students who report having witnessed others being bullied in the past 12 months is presented in the chart below.

Students who have seen or heard others being bullied in the past 12 months	Fall 2008
physically	61.8%
verbally	78.2%
socially	73.7%*
electronically	37.3%

Accurately perceiving being bullied:

	Never been bullied personally	Perception of most others never being bullied	misperception
physically	65.4%	25.9%	39.5%
verbally	37%	9.1%	27.9%
socially	51.8%	13.8%	38%
electronically	81.9%	28.9%	53%

A small percentage of students reported having bullied others or having been bullied once a week or more in the past 12 months. While the number of students impacted is low, these students represent populations of high concern.

Once a week or more, these students have: Percentage Number

Been bullied physically	4.2%	24 students
Been bullied verbally	11%	63 students
Been bullied socially	6.6%	38 students
Been bullied electronically	2.8%	16 students
Bullied others physically	2.5%	14 students
Bullied others verbally	3.5%	20 students
Bullied others socially	3.3%	19 students
Bullied others electronically	2.5%	15 students
